TO WHOM SO EVER IT MAY CONCERN

"M/s ACV Systems Pvt Ltd" had designed, supplied, installed and validated the Air-conditioning System for our "Soft Gelatin Plant "at a total value of **Rs. 1.5 Crore** in the year **2009 -2011**. We were maintaining the **temperature of 18 °C** and **18% RH** in our Drying Area and we were to maintain the **temperature of 20°C with RH of 50%** and constraint the Static Pressure **50 mm** in encapsulation area machine.

M/s ACV Systems Pvt Ltd had attained these parameters and these are being maintained since 2011.

We appreciate their expertise in designing, supplying and commissioning the system. The job was completed well in time. We wish them all success in future.
