TO WHOM SO EVER IT MAY CONCERN

This is to certify that M/s ACV Systems Pvt Ltd have been designing, supplying, installing and commissioning the various air conditioning and ventilation system since 2006 till now for our formulation, capsule, tablet, ointment, storage and Microbiology Laboratory which demands a very high value of filtration and complete room pressure balancing according to cGMP and W.H.O.

The Systems are working satisfactorily for the last 4 to 5 years. This also includes the various chillers, AHU, Pumps, Dehumidifier and condensing units etc which are functioning to our entire satisfaction. They have done the project with us for more than Rs 3.5 Crore so far. We appreciate their technical skill and their positive attitude towards designing of the system for Pharmaceutical industry.
